Adoptions that take place before an animal is spayed or neutered require a spay/neuter deposit of \$100 to ensure the animal is spayed/neutered. Deposit is returned once we receive proof of spay/neuter.

SPCAHC animal adoption fees include starter vaccines, their first annual rabies vaccine, blood testing (feline immunodeficiency virus and feline leukemia for cats OR heartworm, lyme, ehrlichia, and anaplasmosis testing for dogs), a microchip and registration, flea and tick preventative for one month, and spay or neuter surgery.

Veterans

All military veterans interested in adopting an adult or senior pet will receive 20% off if they provide military identification. This is for active, retired, or military disabled veterans.

Senior to Senior

When SPCA senior animals (10 years or older) are placed with a senior individual (65 years or older) adoption fees are discounted 30%.

ADA (Americans with Disabilities Act)

If an individual falls under ADA and adopts an adult or senior pet, the adoption fee is discounted by 20%.

If you are adopting an animal from the SPCA and qualify for one of these programs, please tell an SPCA staff member and they will gladly adjust your invoice. These program offers cannot be combined with any other adoption discount events.
